

Languages that traders can use in different EU member states to fill in declarations ENS and EXS

Member State	Published by the European Commission (Directorate –General Taxation and Customs Union)	
	First Respond	Second Respond
Austria	German, English	
Belgium	German, Dutch, French	
Bulgaria	CL12 - Language codes	
Cyprus	Greek, English	
Czech Republic	only Czech Language for ENS/EXS in case of not coded text filelds.	
Denmark	Danish, Swedish, Norwegian, English, German	
Estonia	Estonian, English	
Finland	Finnish, Swedish, English	
France	French - English	Latin alphabet
Germany	German, English	
Greece	Greek, English	
Hungary	Hungarian, English	
Ireland	EXS is currently not applicable to Ireland, but if it was applicable we would expect the language used to be English.	Other languages can be accepted by the system, however there are some technical issues with certain characters in some languages.
Italy	ENS: Italian and English; EXS: Italian.	
Latvia	Latvian ICS and ECS accept all languages	
Lithuania	Lithuanian, English	
Luxemburg	French, German, Luxembourgish, English and any other language with prior agreement from the office concerned (e.g. Spanish, Italian etc.)	
Malta	Traders can use any language in the free text data elements	
Poland	Polish, English	
Portugal	Portuguese, Spanish (Castilian), French, English	Portuguese or in English.
Romania	Romanian, English, ENS and EXS - any language for not coded data elements	
Slovakia	we prefer our official language (slovak) however it depends in which system is ENS/EXS declared. In transit (especially ENS/EXS+TIR) are used foreign languages. ENS in ICS system is used in railway traffic by one railway Slovak operator, but our system can accept all languages. When is used commodity code, textual description is not obligatory in the our official language. In any other cases risk analyzes is carried out on the textual description in foreign language.	
Slovenia	if you lodge Entry or Exit summary declaration in Slovenia it shall be Slovenian; in XML there are no restrictions to use English	
Spain	Spanish,English	
Sweden	When decision is taken the result of it will be forwarded to ITSM to make up the information to the trade.	
The Netherlands	English, French, German and Dutch	
United Kingdom	English
